TIME TO GET DOWN TO BUSINESS

While students at other schools may consider their academic courses boring and uneventful, students and teachers at North give such classes life and spunk. Good times are just waiting for the right person to spark the spirit, such as a guest speaker in the Foreign Language Department, the Physiology teacher with a fettish for formaldehyde felines or the class clown with the perfect joke for every occasion. All these and more turn school life into a more enjoyable experience.

BACKGROUND: Rehearsing a quarrel scene from the play "Pillow Talk," Don Sansoterra and Sondra Grates work on their characterization.
RIGHT: Ron Zalewski displays his shooting form while at the Maplegrove Shooting Range.

Everyone contains an ability or desire by which to express themselves. For some, who release themselves through a debate of their favorite topic or those who dance to the beat, good times are when they can strut their stuff. Others express their thoughts and emotions with a tool such as a paintbrush, pencil or camera. They are praised when a work of art has been accepted to Scholastic Competition or awarded ribbons and cash prizes. North offers these activities to the students who take pride in themselves and their school.

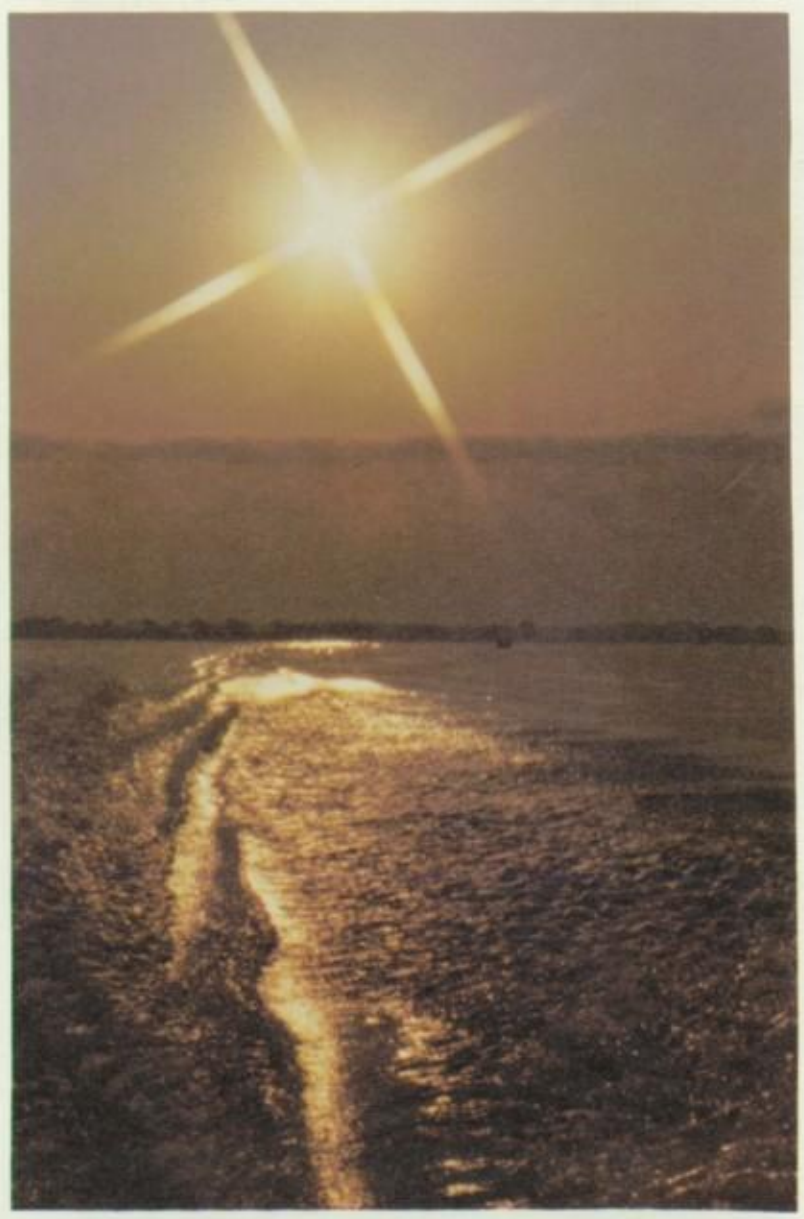
TIME TO LOOK AT SURROUNDINGS



BACKGROUND: Sailboats sit in the heat of the August sun, brighten up the shores of Metropolitan Beach; a summer hangout in Macomb County.

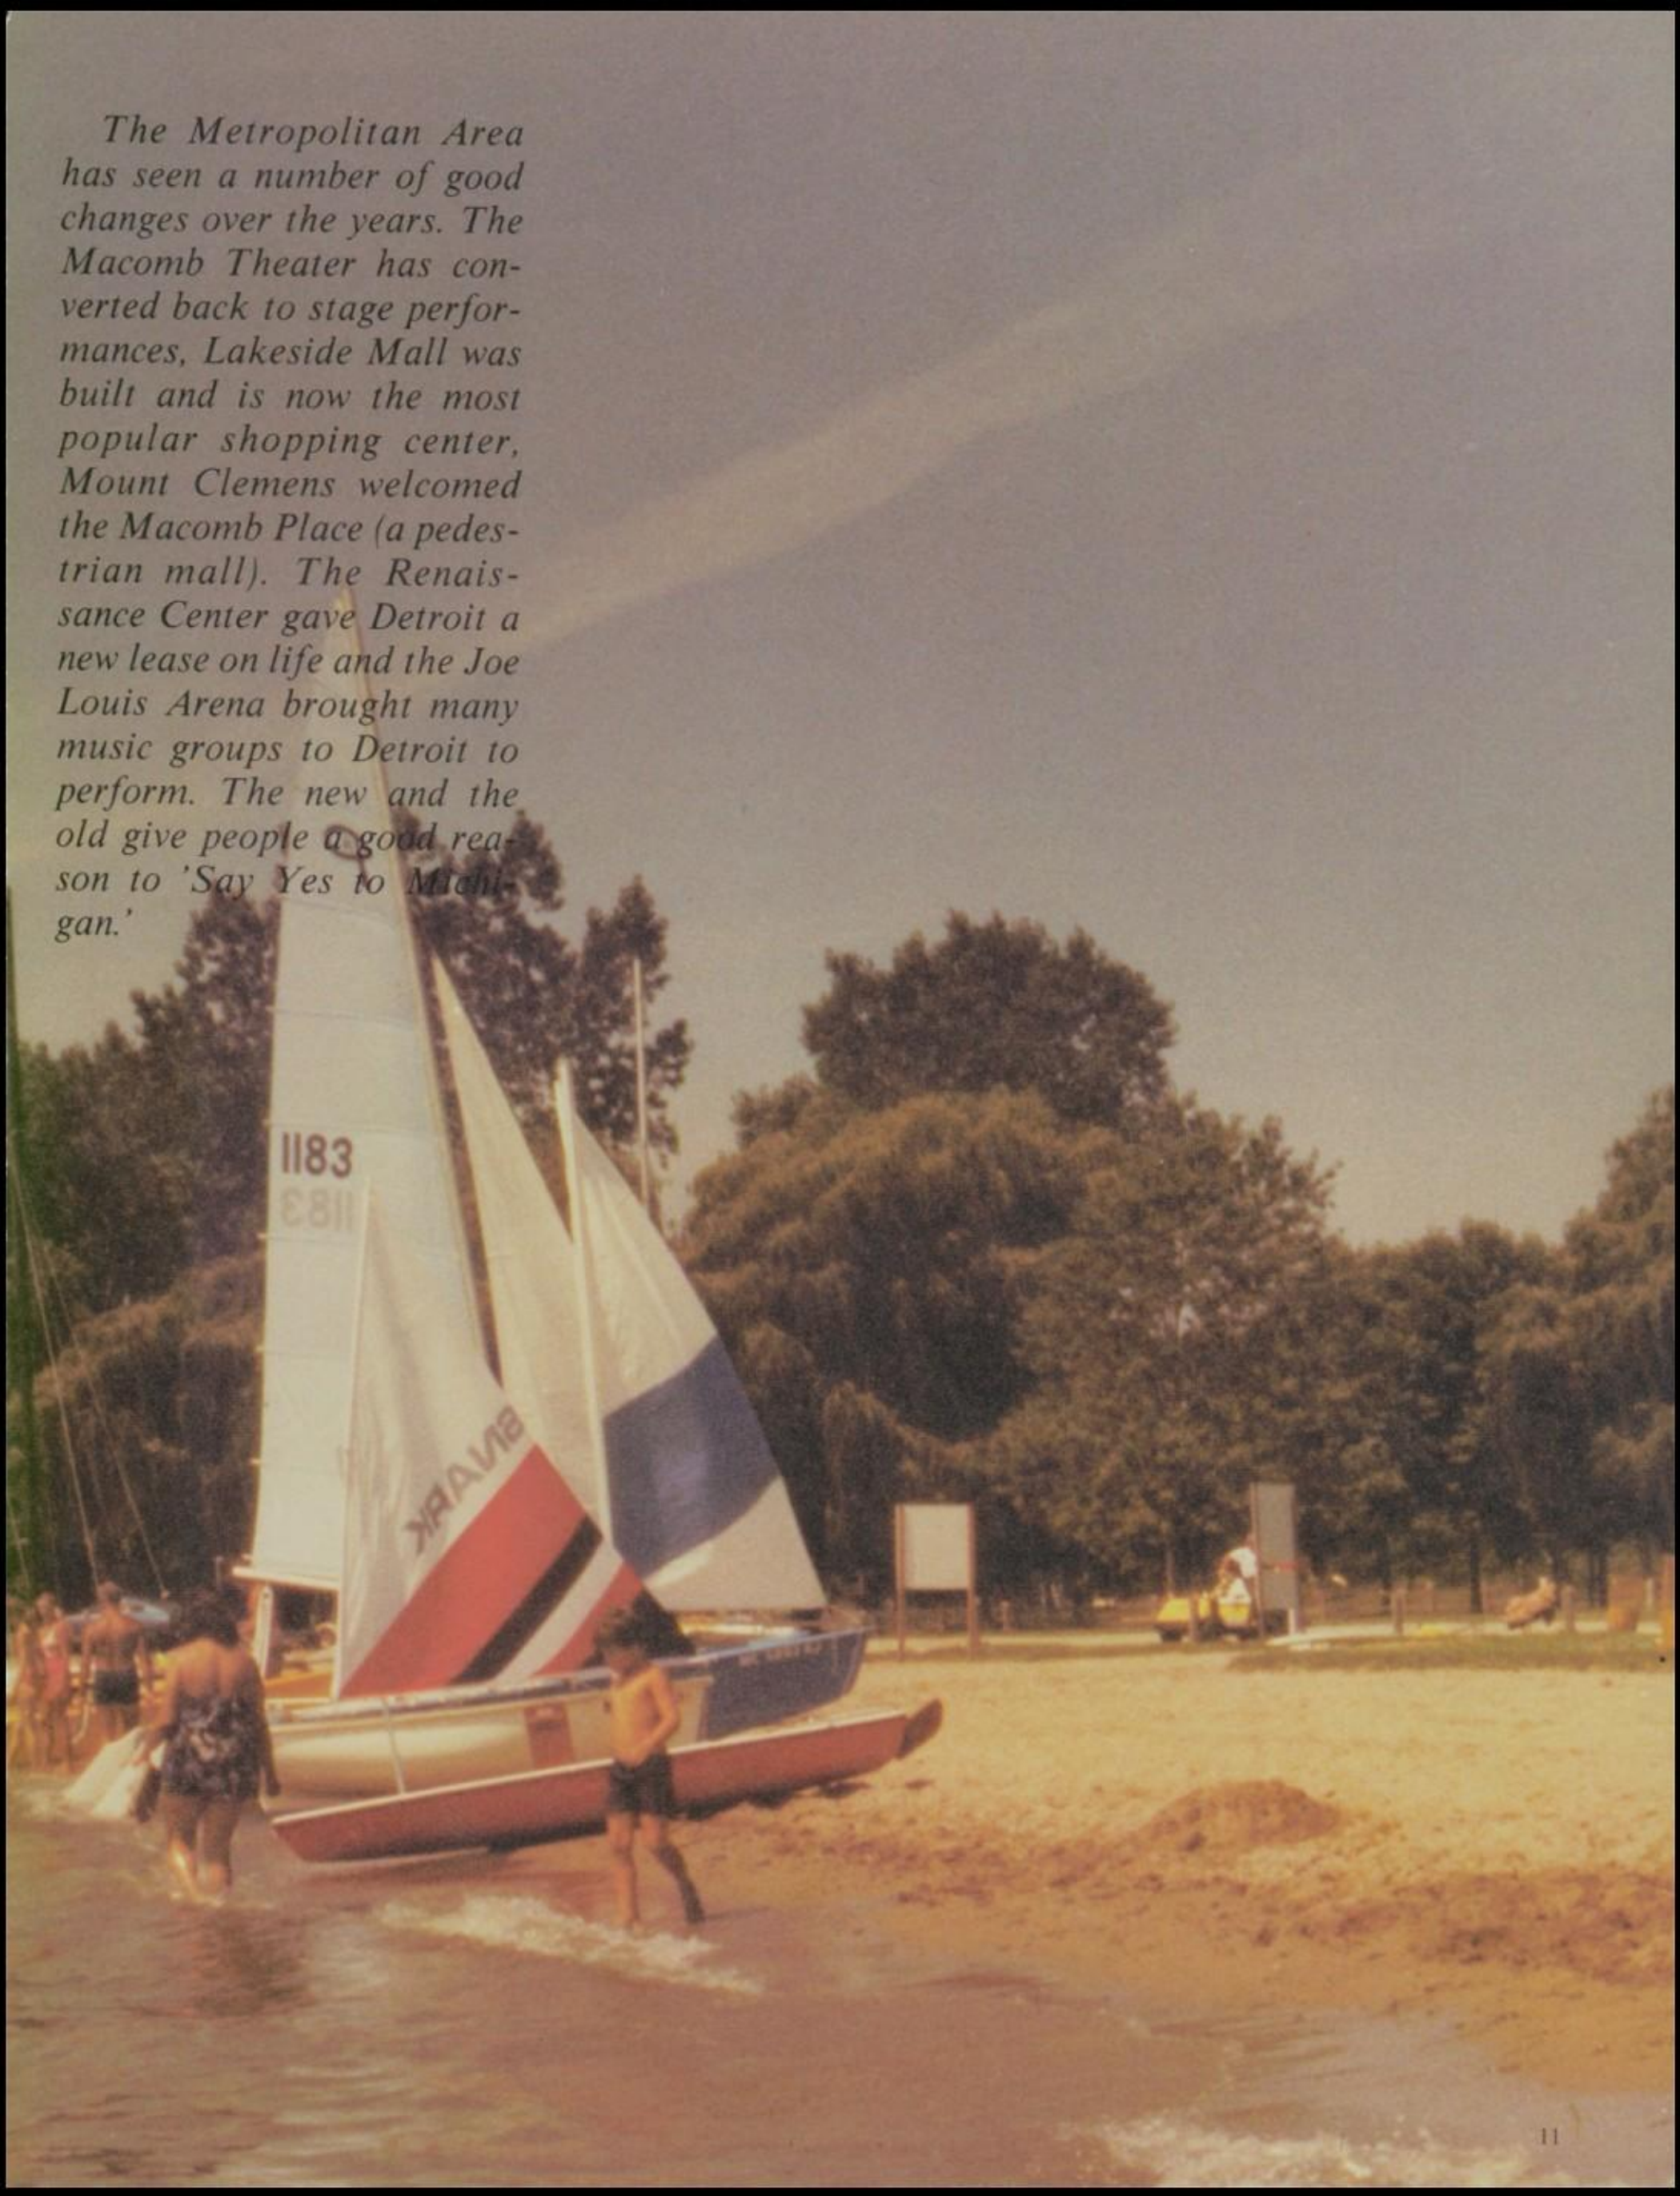
ABOVE RIGHT: Mount Clemens General Hospital, one of the four area medical facilities expands its architectural beauty with two new wings.

RIGHT: The sparkle of an early morning sunrise is viewed by residents of L'Anse Creuse Bay.

The Metropolitan Area has seen a number of good changes over the years. The Macomb Theater has converted back to stage performances, Lakeside Mall was built and is now the most popular shopping center, Mount Clemens welcomed the Macomb Place (a pedestrian mall). The Renaissance Center gave Detroit a new lease on life and the Joe Louis Arena brought many music groups to Detroit to perform. The new and the old give people a good reason to 'Say Yes to Michigan.'



Life outside the brick walls of North is of equal importance when compared to life on campus. Students work all over the county making a little extra money, for that new car which guzzles gas or for that hot date on Saturday night. They also spend a lot of their leisure time going to beaches, movie theaters and some performing in their own bands. The good times are evident when students get together, and the results can only enhance the times of your lives.

TIME OF YOUR LIFE

The world is credited for all the great people which have been born upon it. From Beethoven to Angelo to Steinbeck to Honda, all these real people inspire others of today and tomorrow's generations to strive for their goals and dreams. North's real people continuously strive to reach their goals. The teachers look forward to being teacher of the year and the students compete for the number one spot in everything from sports to drama tryouts.

TOP RIGHT: Faculty members stand while ecstatic [illegible] after the auditorium at Macomb County College South Campus.

The biggest pride builder at North is the athletic program. Students feel much better about a school when their sports team has an undefeated season or even an improved one. The physical release of energy found in any sport improves the school's chance of survival. That energy could otherwise be used against the school in vandalism. Therefore, the jocks can get physical and feel good doing it.

Media Center Has Visit from Sphinx

The Media Center provides materials students need for "required" and "pleasure" reading. One of the Media Centers important goals is to make students aware of the wealth of information that is available.

This year a very exciting event took place at the Media Center. It was a exhibit from the Detroit Institute of Arts entitled "The Changing Face of the Sphinx."

The program included a scale model of the Sphinx, and included 53 photographs of material about it dating back to the 1500's. Mr. James Nazarco, Media Center Specialist, was proud of the exhibit.

Computer Helps Special Education

Mrs. Philomena Woods took over for Mr. William Klatt who was laid off during the summer. Mrs. Woods was working as a Work-Study Coordinator last year at the Career Center.

This year Mrs. Woods has introduced the Radio Shack TRS-80 micro-computer to her class (the same kind of computer used in the computer lab).

Mrs. Woods plans to use the computer to help her students do math and reading drills, also as a reward for the students when their assignments are complete.

Bianchi Stresses New Techniques

What is the intent of the Choir Department? The main objective of the Choir Department is to provide a valid musical experience to any interested student. To learn to read, understand and appreciate music as a fine "art". Some new techniques Mr. Doug Bianchi, Choir Director, has incorporated into the curriculum are emphasis on A Cappella singing also music in other languages such as Latin, German and French.

Girls Ensemble is a select group which has been added as a new coarse which requires an audition. "This is offered to enable talented musicians the chance to participate in a group who perform music that is more challenging than is normally confronted in concert choir." Mr. Bianchi stated.

Bianchi Improves Techniques; Music Taught As Life Study, Art

To make the program competitive in relationship to other programs in Macomb County is the new aim being incorporated into the band department.

To achieve this the band worked on improving playing techniques through practicing and entering many festivals.

The main objective of the Band Department is to provide a challange to those interested in music of the arts also to teach music as a fine art and a life study rather than simply an indifferent past time.

The marching band consists of approximately 90 instrumentalists, eight flags, one majorette, one drum major, and one assistant drum major. The marching season began with band camp and ended with the L'Anse Creuse-North vs L'Anse Creuse game. "This year we had help during the marching season which enabled us to have a fine competitive marching band." said Mr. Douglas Bianchi. Those who helped out were Mr. Michael Brown, flag instructor; Cathy Gambaro, percussion instructor; and Mr. Rodney Glusac, brass instructor.

Concerts Provide Entertainment for Friends, Family Members

Hard months of preparation, and tuning up the music, and performers goes into each band and choir concert. Mr. Douglas Bianchi, band director, also works hard to choose the music, and to get every detail of a concert correct. With Mr. Bianchi also in charge of the choir, he has a double responsibility.

A band concert gives the talented people in the school a chance to perform in front of their friends and family. Many members of the band, including Caren Jones, John Torre, and Mark Sullivan play in the Mt. Clemens Symphony Band.

Many people come to the band concerts to here the music that the band and choir provide.

Center Offers Job Skills

The Career Center is important in this time of unemployment and recession. It provides hands on training for students who take advantage of it. In today's job market employers are not only looking for a college degree, but they are also looking for the experience that the Career Center offers the students.

But the Career Center is not for everyone, according to Mrs. Elaine Muzi, counselor, it is for the student who is thinking about going to a trade or a technical school. It provides basic skills that are invaluable in today's job market.

The Center offers a lot of classes to fulfill it's students wide interests. Among these are Food Services, Auto Mechanics, Auto Body, Building Trades, and Child Care just to name a few. With the field of Electronics growing at a steady rate, the class of Electronics and Data Processing could come in very handy for future career opportunities for students.

With this in mind the Career Center should be helpful in the future.

Publications Combine Classes Along with Creative Acquirements

"I want to send forty pages out today after school, so let's get to work", states Mrs. Carolyn Bourland, Advisor of the Quest Yearbook and the North Star Newspaper.

Putting together the yearbook of the newspaper isn't all easy work, or an easy "A". It takes hard prestigious time and effort, and everyone has a big responsibility to make sure stories aren't turned in late. Glenn Gschmeidler and Kim Kozian were the editor-in-chiefs of the publications.

Both yearbook and newspaper classes were combined into one hour, making everything and everyone pressed for time.

For 1983, the yearbook staff changed the company that prints the Quest yearbook, from Walsworth Publishing Company to Herff Jones.

Mrs. Bourland states, "The staff has improved the appearance of the North Star even though they have had less time to work on it."

Mr. Frank Marvin and Mr. Tim Cosens were the advisors of the Literary Art Magazine, Pencil Marks.

Students Learn Basics From Skilled Teachers

English is our basic way of communication. Without it one cannot read, write, or spell. Using one's imagination to the fullest in such skills as to writing poems and stories, long or short is another factor of this curriculum.

English teaches students to express themselves effectively both orally and in writing, to read and think critically, and hopefully to enjoy reading and writing.

Mrs. McNew and Mrs. Anzinger were cut from second semester due to budget cuts. They are now teaching at Middle School Central. They are thought of as excellently skilled teachers by all at North and are sadly missed.

Second semester classes that were cut are film studies, Basic College Skills, Man and Nature and no field trips were taken. There were also cuts in teacher hours. There were fewer offings.

Roster Changes Take Place At North; Perspective Goals Determined By Staff

When asked how he likes teaching his classes at North his answer was simply "love it!" Mr. Wes Carlos is now in his thirtieth year of teaching. He was formerly a physical education teacher who retired as a football coach. Mr. Carlos is presently teaching ninth grade Physical Science. What could be the goal of such a remarkable man? "To grow healthy in teaching and continue to be blessed in good health."

Mr. Ed Robinson who previously taught at L'Anse Creuse High School is now teaching ninth grade IPS science, pre-algebra and Computer Science. Mr. Robinson has been teaching for a total of 10 years. "I've been quite pleased at the enthusiasm of students towards computers," declares Mr. Robinson. His goal is to work towards an organized first year of computers so that he may be effective in the training of his students.

Mr. Dan Bachman who taught science prior to Mr. Carlos and Mr. Robinson is now the principal at Baptist Academy school, which runs from Kindergarten through grade 12.

To further scientific literacy is the primary goal of the North Science Department. To accomplish this goal the science department offers a variety of different sciences such as Biology, Earth Science, and Physiology. Mr. Gerald Maxson, head of the Science department states that "The strength of the department lies in a staff who is dedicated and a curriculum that offers strong fundamentals in the basic sciences."

Students Learn Value of Food

When most people hear "Home Ec., they automatically think "chow down" or "easy A". However, there's more to it than meets the eye. Students learn many different homemaking skills such as the nutrition and their value in foods also how to prepare them properly.

Sewing is also offered. Here, students not only learn how to sew clothing to fit, but they also learn how to operate a sewing machine and how the print on a material can change your shape.

Counselors Help Serve Students

The Counseling Center aims to serve all students at North and help them to reach their educational and personal goals.

In doing so, this department operates for all students as a business office and clearing house of information. Each student is treated as an individual and aided help with personal counseling, career and academic guidance, vocational rehabilitation, substance abuse, family and marriage concerns and questions of human sexuality.

Students are encouraged to seek the counselor with whom he feels confident so that the student-counselor relationship is one of mutuality.

A high percentage of students use the counseling services. 68% of North students have expressed confidence in the professional skills of our counselors.

New Teachers Added; Future Work Openings

A secretary busily typing at her typewriter, an accountant figuring numbers, a businessman on the go. These are just a few examples of what goes on in the business world. The world looks to a future of white collar workers.

Getting a start in high school can be a great aid to getting started in the career world. To help get students on their way the business department aims to train their students for entry-level jobs.

Mrs. Connie Smiley took leave this year as a homemaker, adding two new members: Mrs. Elaine Ainsworth first semester, and Mr. David Hall, second semester.

Foreign Tongue Grows Through Communication

The interest in Foreign Language is becoming greater as people are realizing the importance of language communication with other countries.

The Foreign Language Department offers three different languages including German, French and Spanish, which are open to all students.

The main motive of the Foreign Language Department is to instill a basic appreciation for the language and culture of the target area, and to develop the necessary skills for achievement of this objective.

Foreign Language classes were overflowing with students this year, which is quite different from the quantity of students contained from previous years.

LCN Physical Education Students Learn Variety

School would surely be different without physical education classes to break up the academic classes that strain students' brains all day. The purpose of gym classes are to educate students competitively, emotionally, socially and physically. Gym is a class not to learn in, but to enjoy.

LCN has a variety of physical education classes. They include advanced PE, weight training, ninth grade PE, team sports, individual sports, aerobic dance, and modern dance. The teachers and devoted sports-lovers were Mr. Tom Chapman, Mr. Roger Gill, Mr. Ron Nestich, Miss Diane Pesha and Mrs. Elaine Steiner.

Gym helps students to become better players and better competitors in sports, not to mention life.

LCN Art Students Show Talent in Various Ways

Pottery, Drawings, and Design are just a few of the classes offered by the Art Department to give students a chance to show their talent. The Art Teachers are Mr. Tim Cosens, Mrs. Gayle Hamiln, and Mrs. Louise Markel.

The Art Department has many students that have won awards, at various competitions. Valerie Rhoads is one such student, she has won many awards for her work at many art contests in the area.

Staff Reductions Cause Problems For Industrial Arts Department

The Good Times have been avoiding the Industrial Arts Department. In the last three years they have lost two staff members, from five in 1979 to three this year.

Mr. Jim Stroh, Chairman of the Department, says that this causes a lot of problems for the students and staff.

Reduction of staff causes a safety problem, because there are less staff members per student. This year the average class size jumped from 40 to 48.

With less money going to the Department the machines do not get repaired as often, so the students suffer more.

Also with less teachers to teach the classes less students are able to take the shop class that they may want to take.

Arithmetic Training is Important

Numbers, angles, fractions, proofs, and addition all bring students' hearts to a low. People, however, need math to survive in today's world.

Consumer Math is just one of the classes offered to help students prepare to meet the world. The class teaches students to balance checkbooks and compute interest on money in banks.

Many of the skills are important in later life, when the students get out on their own.

This is one of the more practical classes offered by the department. Mrs. Bonnie Vandenbergh teaches Consumer Math. She also teaches the more advanced math classes, Calculus and Analytic Geometry. These classes are for the students who plan to continue their math in college.

The other teachers in the department include Mrs. Christine Bawks, Mr. Leo Portale, Mr. Gary Bennett, Mr. Al Fiori, Mr. Gary Kwiatkowski. Mr. James Munroe replaced Mr. Fiori second semester.

Many students do not consider math an important area to look into, but if they cannot do simple math problems in the future the world will pass them by.

Today in the changing world of computers math is even more important than ever. So math should be on your schedule.

North Pole Staff Reopens Pipeline

North Pole was located up stairs by the typing rooms and business classes. It was open before and after school, and during the five minute breaks. They sold candy, school supplies, jackets, shirts, shorts, etc. The Pipeline was located in the lunch room, and only sells during lunch hours. Items for sale at the Pipeline were similar to those at the North Pole.

Advisor of the North Pole & Pipeline was Mr. Robert Fackler. Manager was Harry Nieman, Asst. Manager Mike Licavoli, Phil Dyer, T.J. Zaits and Shari Hollatz. Bookkeeping was kept by Sondra Schaefer, Harry Nieman. Advertising was done by Sue Sparks. Phil Dyer kept the inventory. Displays were created by Jenny Noble and Judy Holland. Rob Jodway was Clerk. Several Co-op Education Jobs were eliminated second semester due to the financial cutbacks.

Social Science Educates Students Using Variety

Social Science is a world where one can get caught up in the past life of a famous president or learn how the governmental, system runs, even how to determine reasons for a persons behavior through the study of sociology.

The Social Science department is eager and willing to teach their pupils. To aid the Social Science department in their goal, they have purchasesed a video tape recorder and a television.

District Offers Driving Courses

Driver's Education is taught in three sessions throughout the school year, with two classes per session, six classes per school year.

In the summer six classes are also offered. Four cars are leased from local dealerships along with the two cars which are owned by the school district, to help things move along more smoothly.

Drivers Ed. is paid for by the school district, then at the end of the year the state reimburses most of the money.

The Art Club was designed for students who have some extra time after school to work on art projects.

This club met twice a month on Wednesdays in Room 125. Their sponsers were Ms. Diane Rapaich and Mr. Tim Cosens. The Art Club did not elect any officers.

During the month of December, they printed up Christmas cards for Christmas.

A new club was added to the extracurriculur activities at North. The Computer Club was sponsered by Mr. Ed Robinson. The President of the Club was Matt Francis, Vice-President was Christy Becker and the Secretary was Kim Costello. The main objective of the Computer Club was to promote students interest in and the understanding of computers.

The Computer Club met on Thursdays, after school in the Computer Lab.

This past school year, the Computer Club raffled off an Atari Video Game during Spirit Week. The winner was announced at the Homecoming Pep Assembly, It was won by Denise Trinity. Second Prize was a Weather Radio and Watch Pen and won by Jess Sparks.

As the curtain folded and the announcer came out, students behind the stage nervously got ready to go out in front of an auditorium full of open minds and hopeful thoughts to see some talent, at North, the audience recieved nothing but the best.

Coming in at first place was the band "Arsen" and following behind in second place was Lisa Zarna with the song "New York, New York."

Keeping in step with the music is a big part of the coordination that goes into modern dance club. Many hours of dancing and rehearsing were put in after school everyday to coordinate new steps and practice the old ones so that got just the right effects to devistate the audience. The sponser of the Modern Dance club was Mrs. Linda McMillian.

Students Show Pride In Grades

The Main Purpose of the Honor Society is to honor leadership in activities and at school, academic excellence in the classroom, good character, service around the school and community and participation in activities.

To be accepted into Honor Society the students must meet certain grade point averages depending on which grade the student is in. After meeting those requirements, the student has to have five different teachers recommend them for Honor Society.

The officers for this past year were President Cara LaPlante, Vice President Wendy Dungan, Secretary Debbie Garcia, Treasurer Mary Francis and Parliamentarian Paul Arment.

The Initiation Ceremony for new members was held Nov. 7.

Learning How To Take Snapshots Without Worry Is Not Impossible

A picture has never been taken where there isn't worry of whether it turned out or not, but with practice it doesn't have to be that way.

At North are some students who no longer worry. They are in the Photography Club.

The Photography Club gives students a chance to learn more about the techniques of using a camera, and how to take pictures without worry.

The Photo Club meets every other Thursday in the Photo Lab after school. The Photo Club enters some of the students pictures in a Scholastic Competition each year.

What is it like traveling to a strange country without the rest of your family?

"It's hard sometimes, you have to learn to be responsible for yourself, like learning the language and how to spend money wisely. But I've learned a lot of things, and I enjoyed staying here, meeting people," said Alfredo Cano.

Alfredo was the Foreign Exchange Student from Chihuahua, Mexico. He stayed with Mr. and Mrs. Dale Mason from August 24 to June 1983. He found Michigan very different from his home in Mexico. Michigan has a lot of water!" He said.

Alfredo has two brothers and three sisters. He is 18 years old. He likes to travel, hunt and go out to eat. His favorite restaurant in Michigan was Chi-Chi's! Alfredo also enjoys playing basketball and running.

"Thanks to everyone. I was very happy to stay here," Alfredo stated.

The band, without the silkline, majorette and drum major would be like spaghetti without sauce. It doesn't occur to most people, but half-time performances would be boring without these three important parts of the L'Anse Creuse HS-North Marching Band.

Geoff de Beauclair was the band drum major, and Kent Takacs was the assistant drum major. Their purpose is to help the band keep time, and instruct them while marching. Laura Stewart was the colorguard captain on the silkline. For the 1982-83 year, the silkline had new flags for their show which made it only more beautiful. Mr. Mike Brown was silkline instructor. Nadine Hughley was the only majorette for North.

Visual Excitement Multiplies in Fall

Have you ever heard of arguing for a hobbie? The debate team is full of students that do just that. Debate is a class as well as a club, which is sponsored/ taught by Mrs. Sharon Spenik. Also taught by Mrs. Spenik is the Forensics Club, where the students learn and compete in writing and making individual speeches.

In the Debate Club students are taught to argue with logical meaning, and understanding. The Debate Club meets on a daily schedule and goes to competition in the fall, where the Forensics Club meets individually.

It's a matter of pride!

What's a matter of pride?

L'Anse Creuse High School-North, of course. Pride was the new campaign launched by the 1982-83 Student Council. The goal of the campaign was to instill school spirit and pride among the students at North. Participating in school activities, and becoming involved in school are a part of having school spirit. This campaign proved that school could be fun if an effort is made on the part of the students.

The purpose of the Student Council is to organize the leaders of the school and to teach students how to execute plans in an orderly, democratic fashion. Each class elects a president, vice-president, secretary, treasurer and six representatives. The president of the Student Council was Brad Little; Tammy Stringer, vice-president; Kelly Novak, secretary, and Don Sansoterra, treasurer.

This past school year, the council has been involved in many activities. Homecoming was their main concern. Also, there was a Christmas Decorating Contest at Eastland Shopping center. Only 10 schools competed, and the first prize was $2,000 for the school. Student Council members were also encouraged to be involved in school and community projects.

President Brad Little stated, "All classes have been doing their part, and I appreciate the work getting done. This has been my most enjoyable year. After my graduation, I hope the council will carry on in the same way."

Future Is Bright For Young Riders

L'Anse Creuse-North had a club that "just horsed around," literally! That was the Equestrian Club, sponsored by Mrs. Joan Schwartz. This past year, the club consisted of eight members including Colleen Morrison, Annette McInerney, Joan Bercel, Janelle Marcereau, Kendra Titran, Laurie Blackwell, Stacy Pallisco and Dawn Morrison.

"We are a young team with one-half of the team composed of ninth grade students. We earned points in all phases of the competitions. "The future looks good," commented Mrs. Schwartz.

The Shooting Club was useful for those who went hunting during the season last year. This club helps to promote safety in using firearms. The members learn to shoot, reload and to cart bullets.

This club met on Tuesdays at the Kodiak Range on 21 Mile Road. The Shooting Club president is Ronald Zalewski. Other members are Joe Cook, Kenny Gosiniski, Mark Lathrup, David Slugaj, Brian Van Damme, Judy Van Luven and Tom Walker.

"It's great" said club sponsor, Mr. Dave McDonald.

Two clubs that could be of value to students in their career choices are BOEC (Business Office Education Clubs) and DECA (Distributive Education Clubs of America). These clubs deal with careers that are interesting and enjoyable to students who participate, yet they learn as they work.

DECA is sponsored by Mr. Robert Fackler. The club's purpose is to educate students in marketing and distribution. DECA is responsible for the running of the school stores, North Pole and Pipeline. The president of DECA was Harry Nieman; Mike Licavoli, vice-president; Moniquee Kaczor, secretary; Marie Marino, treasurer and Susan Sparks, reporter.

"We are small club, but we are trying to turn things around," stated DECA President Harry Nieman.

Though BOEC is similar to DECA, it's main purpose is to develop business skills and participate in various competitions. This club met the second Tuesday of each month, the meetings presided over by President Alicia Rukes, Vice-president Dawn Bowser, Secretary, Kelly Novak, Treasurer Cara LaPlante, Parliamentarian Paul Arment and Historian Kelly Fitzpatrick.

Each year, BOEC competes in Regional, State, and National Competitions beginning in February. Typing Prepared Verbal, Information communications, Clerical, Records Management, Parliamentary Procedures and Banking Operations are some of the fields competed in.

BOEC is sponsored by Miss Barbara Lehtonen and Mrs. Carolyn Mikelait.

Idea Brightens North's Winter Brings Excitement, Hilarity, Fun

The Pre-Spring Fling came to North in February '83. What a better way to get people going in those dull, drab months when there was barely any snow and when spirit was low!

During the week of Feb. 7-12 LCN students had a blast! Monday was the day of the slave auction. On Wednesday those slaves satisfied their master's every desire! Thursday was sweatsuit, sunglass and hat day. Friday brought King of Hearts day. The girls couldn't talk to guys all day, or else they had to lose their heart! At the end of the day, there was an assembly to crown the King of Hearts who was Tom Tocco.

This fling was finished with a party/dance called "A Cupid Affair." The Student Council hired a disc jokey from the disco, Studio B. Admission was $1.50 and refreshments were served. Hopefully, a new tradition was started.

Lights, Curtain, Action . . . The Drama Club presented the play "Pillow Talk" to the public on Nov. 11. The play ended with loud applause and many compliments.

The main characters, Brad Allen and Jan Morrow were played by Don Sansoterra and Sondra Grates, least to say, performing very well.

It took many hours of hard work, everyday after school, memorizing lines and building props but the outcome of it all overwhelmed the audience with laughter and joy.

The sponser of the Drama Club was Play Production and Struggle for Justice teacher, Mrs. Barbara McCarthy. The main purpose of the Drama Club was to present plays to the students and public.

The Drama Club sold Christmas Ornaments to help raise money for "Pillow Talk" and future plays.

City Revitalizes Social Interest In 20th Century

Mount Clemens is an ever growing and changing city. Founded in 1879, it has seen many businesses grow and prosper while others faded and went bankrupt.

In recent years Mount Clemens, like Detroit, has begun its very own Renaissance. It has re-opened the Macomb Theatre, returning it to stage productions, built the pedestrian mall, The Macomb Place and added new buildings like the Chamber of Commerce and Towne Square.

With all the changes, the city still needs an exciting social calendar to draw more people to the area. Mount Clemens has been hosting two major festivities for the last couple of years, which draw thousands of people, they are the Farm City Festival and Thanksgiving Santa Parade. Farm City Week ran for a whole week in the month of October, it gave area farmers and merchants a chance to sell their produce and goods; in a pleasant carnival atmosphere. The Thanksgiving Santa Parade was marked with the first measurable snowfall of the season, which made it that much easier for Santa and his sleigh. The parade displayed everything from the Mayor of Mount Clemens to Boy Scout Troops.

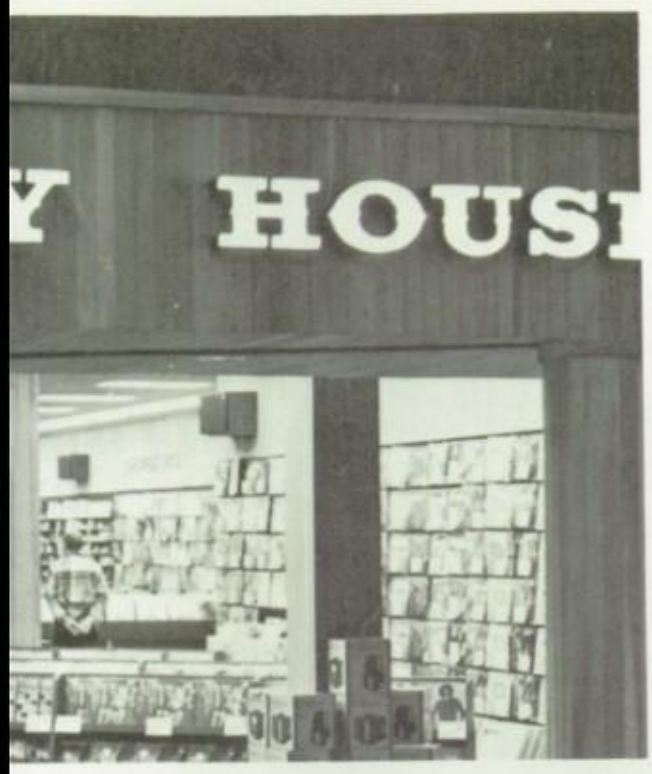
TOP CENTER: Replacing the second half of what used to be Hughes & Hatchers, Harmony House made its debut in the Macomb Mall during early Fall.



Businesses in the Macomb County area are attempting to attract more customers with holiday decorations and renovations. The best time to do this, of course, is during the holiday season.

The two major malls, Lakeside and Macomb, annually welcome Santa and deck their halls with boughs of holly. The Macomb Mall has also changed its appearance by adding new stores, such as Harmony House and B. Dalton's.

The Macomb Theatre, in downtown Mount Clemens, is also changing its appearance with restoration to original shape and form. The theatre returned to stage performances which included the holiday show "Hans Christian Anderson".

One might expect that with all the good times, there must be bad somewhere near. This theory was definitely true for 1982, as world occurences threatened peace all over the globe.

Such events as the Tylenol murders in Illinois, the crash of an Air-Florida jetliner in Washington and the massacre of innocent people in West Beirut branded 1982 as being a very tragic year. 1982 also saw unemployment in the U.S. rise to staggering levels, crippling the nation's economy.

Students Visit Arcades, Discos for Entertainment

Students spend their individual free time in very interesting ways.

With the new video craze, investors have purchased small buildings and loaded them with arcade games such as Ms. Pac Man, Zaxxon and Donkey Kong. Many of North's students find themselves in these arcades spending their money, just to get their initials on the video screen until someone better comes along and bumps them off.

Others attend the new disco in Sterling Heights, called the Premiere and enjoy their Sunday nights dancing and conversing with fellow teens.

Still there are those who enjoy their lunch breaks during school at other places such as Burli's, MacDonald's, Burger King, Burger Chef and Wendy's; while on the weekend some spend their time at Lakeside and Macomb Malls shopping for everything from clothing to other girls and guys.

During 1981-82, Hollywood and the showbusiness world have been plagued with the untimely deaths of some very fine actors and actresses.

Three of the five actors, Vic Morrow, Natalie Wood and Princess Grace, died of accident related deaths. Vic Morrow was killed in a helicopter accident while on location for the filming of the movie "Twilight Zone." Natalie Wood mysteriously drowned in a boating accident off the shores of Cataline Island. Princess Grace of Monaco ended her fairy-tale life in an automobile accident in France. The last two, Henry Fonda and Ingrid Bergman died of natural causes. Henry Fonda who just last year received an Academy Award for his portrayal in "On Golden Pond," died of chronic heart ailment. Ingrid Bergman passed away due to cancer.

Going to the movies is a favorite pastime for almost everyone. Some even see their favorite movies as many as 100 times, as demonstrated by the heartwarming Spielberg blockbuster, E.T.

Freshmen Students Show Spirit Throughout Year

The Freshman students hosted the Homecoming Court Luncheon which was held on Oct. 11. Robert Barnard introduced the court at each of the lunches.

The Freshman Student Council also helped to sell buttons during Sheild Week competing against other classes. The Freshman float, Beaker from the Muppets, placed second in competition.

The class motto for Pride Week was "Today we follow, tomorrow we lead." Its mascot was Freddie the Fish, and its pride color was red.

The Freshman class helped the other classes put apples in the teachers mailbox on the first day of school. They helped give the teachers Birthday greeting cards. They also gave candy canes to teachers on Christmas. The Freshman who were in charge of these projects were Nancy Olzem and Julie Baker.

Student Government Plans Activities for Class of '84

The Junior Class has made many accomplishments this year. They have gone one step further toward their fourth and final year at North.

The Class of '84 had a productive Student Council which helped to achieve these things by practically running the Homecoming events. They had many responsibilities and they carried out their duties very well. The council members were Moniuqiee Kaczor, Wendy Krause, Kelly Marozi, Molly Matheson, Donna Moore, and Kristyn Gumm.

The class officers were co-presidents Jim Francis and Kyra Hilton, Vice President Karen Trompics, Secretary Alison Schoen and Treasurer Kim Kozian.

The Juniors not only prevailed in the student government area, but they were leaders in many different fields. One of these fields was Varsity Cheerleading, which 9 of the 10 members were juniors.

Class of '84 had a successful junior year and they look forward to their last year at North with nervous anticipation.

Class Statistics Prove Exciting For 83 Seniors

The Senior Class of 1983 had approx. 347 students in the graduating class. Out of those students 35 per cent are off to state and community colleges. Advisors Mr. Phil Cunningham, Mrs. Lyn Henderson were filled with setting up numerous events for the Senior Class, along with President Debbie Garcia and Vice-President Mary Francis. Student Council members set up the Senior Prom which was held at the Monte Carlo on Van Dyke in Utica. Following this event was the annual trip to Cedar Pointe.

Class Song Questions Uncertainty of Tomorrow

UP WHERE WE BELONG

Who knows what tomorrow brings
In a world few hearts survive
All I know is the way I feel
When it's real I keep it alive
The road is long
There are mountains in our way
But we climb a step ev'ry day.
Love lift us up where we belong
Where the eagles cry on a mountain high
Love lift us up where we belong
Far from the world we know
Up where the clear winds blow.
Some hang on to "used-to-be"
Live their lives looking behind
All we have is here and now
All our life out there to find
The road is long
There are mountains in our way
But we climb them a step every day.

Time goes by
No time to cry
Life's you and I
Alive today
Love lift us up where we belong
Where the eagles cry on a mountain high
Love lift us up where we belong
Far from the world we know
Where the clear winds blow.

John, Sonntag Achieve Highest Scholastic Grades

Through dedication and hard work, Ray John 1983 Valedictorian went though North four years and graduated with a 3.976. His future goal is to go on to college and major in Engineering and Computer Science.

He participated in Debate, Forensics Honor Society, Cross Country, the Science and Computer Science Teams. Ray stated his most favorable class at North was his ninth grade I.P.S. class.

Salutatorian Michelle Sonntag graduated early in January of '83. She then moved to Colorado to live with her father. Michelle danced five nights a week, and danced for the Modern Dance Team. She was also in BOEC Club. Michelle graduated from North with a 3.925 and plans to continue here in Michigan at Wayne State University.

Teacher Service Meetings Give LCN Faculty Insight

Ever wonder why students have some mysterious halfdays about three times per year?

Yeah—that's for those in-service meetings right? Whatever those are.

Well, in-service meetings are workshops for teachers which set time aside for reviewing teacher-student problems and teacher professional development.

These meetings are organized by a Local Staff Development Committee headed by Mr. Mel Miller of Middle School-North.

This past year, North had such meetings in October November, December and April. In October, they held a one hour session with two speakers. Mr. Dennio Sparks lectured on how to motivate students. Also, a team from the Macomb Intermediate School District spoke to the large gathering.

At the December meeting, a program called Effective Teaching (E.T.) was introduced. Some sessions that were presented were "How To Prevent Being A Burnt-Out Teacher," and "Children and Divorce."

In April, a speaker from New York lectured on learning.

Chairman Miller stated, "It's nice that we have a voice about what we are doing."

Christmas Party Relaxes Staff

The faculty Christmas party is an occassion that is held every year. It is a time when teachers and administrators can relax after all of the last-minute worries before vacation. This party was open to all staff members, plus mailmen, the Sheriff Department and even the Xerox man. It was held Monday, Dec. 20 during A, B and C lunch. Mrs. Monica Lorenger, Principal Denewith's secretary, organized this luncheon with a sign-up sheet for food such as salad and desserts.

On the last day before vacation, the secretaries exchanged gifts.

Varsity Achieves Winning Season Due To Teamwork

"Everyone who participated in one form or another were leading performers for our track team," Coach Ron Nestich explained about his 1982 Boys Track team. This teamwork helped the boys achieve an overall 7-1-2 record.

Some performances were outstanding. Senior Ivan Doverspike established a school record in the 110 meter high hurdles with a 15.1. In the 400 meter run, Merv Champine, senior, ran a 50.7. With a time of 4:31, junior Brant Miller established a record in the 1600 meter run. Miller also went down in the record books with a 1:57.3 in the 800 meter run. The team's 400 meter relay team broke the school record with a time of 44.2. Running a 3:25.7, the 1600 meter relay team also established a new record. Miller received special recognition after winning the 800 meter run in the City Meet.

The team tied for second place in the Eastern Michigan League, losing only to Mount Clemens and tying with Port Huron. The team had a good start winning their first four meets and finished off well by beating their last three opponents.

Lisa Boehm Breaks EML Meet Record in Long Jump

Stretching out the tape, the official measured the jump. As a freshman, Lisa Boehm had done it. She broke the Eastern Michigan league record in the long jump with an effort of 17'9".

The 1982 Girls Track team is best described as record-breaking. Four school records were broken, including Lisa Boehm's long jump. The old 400m relay and 800m relay records were broken by the team of junior Kathy Chapman and freshmen Lisa Boehm, Melissa Falzetta, and Lori Boehm. The new 400m relay time is 51.4 and the 800m relay record is now 1:47.7. Beating the previous 3200m run time of 12:16.7, senior Mary Pearse ran a 12:15.7.

The team finished the season with a record of 5-4. At the EML meet, the girls worked together to score 67.5 points and take third place. A high point of the season was at the Romeo Invitational when the team won the Class A trophy scoring 52 points against 18 other teams. At the City meet the team came in second out of six teams, and they earned sixth place in the Regional meet. The team's 400m and 800m relay teams and Boehm for the long jump qualified to go to the State meet.

Harms Leads JV In 15-4 Season

Hitting an excellent .526 for the season, freshman Chris Harms led the 1982 Junior Varsity Softball team to achieve a final season record of 15-4. Harms also led the team in hits with 30 for the season, in runs scoring 46 times and in RBIs with 33.

The team went undefeated for seven games, until losing their eighth to East Detroit. They went on to win eight of the last twelve games. In Eastern Michigan league play, the team finished with a record of 8-4.

Thirteen girls made up the team, coached by Mr. Gary Bennett. Their combined efforts gave the team an overall team batting average of .360. Together they had 182 hits and scored 280 runs. Fourteen home runs were hit over the season.

Frosh Cindermen Finish Undefeated

In his first year coaching track, Mr. Will Young led the 1982 Freshmen Track team to an undefeated season. The team finished 5-0.

Coach Young says the team members have a lot of potential and will be an asset to the Varsity team when they move up. With this very successful season, the whole team deserves special recognition, Coach Young feels. The members of the team improved as the season went on and everyone contributed to the wins.

Although this was Coach Young's first year coaching track, he has coached basketball and football. He felt working with the track coaches here at North was very beneficial and helpful to him.

Despite Great Effort, Potential Unreachable

"Great effort, but unfortunately the team didn't meet its potential", said Coach Roger Bunton about the Varsity Lacrosse Team. Inn Muck Hwang and John Politowicz led the team with scores and shots with a combined total of 46 shots and 12 scores. Rocco Rizzo led picking up ground balls with 26 pick-ups. Scott Hansel, goalie, saved 129 shots. Dan Kane the leading faceoff man had 12 faceoffs. First year letter winners were Brent Thaxton, Ken Mich, Geoffrey DeBeauclair, Jim Zammora and Glenn Hutchinson.

"If they worked up to potential they would have been a competitive team," Coach Bunton said that about the Junior Varsity team. '82 Netters Show Determination

Is it true that in tennis love means nothing?

That may be true but Coach John DaVia calls coaching the 1982 Boys Varsity Tennis team a labor of love. The team's final dual meet record ended up at 6 wins and 8 losses.

The record does not show the effort and determination of the team. Coach DaVia said the team was the most improved team he had ever coached. "While many other teams were wracked with discipline problems and players quitting, this team kept working on tennis, and though the results were slow and some of their records suffered, they never gave in to the temptation to give up on the team," Coach DaVia explained.

Scott Elliott, senior, won the first singles flight in the LCN city meet. Elliott also set a new school record of 53 total wins in his high school career. He holds the record for most singles wins with 45. Dave Moore, senior and Rob Couto, junior, worked together to win 10 doubles matches, tying the present school record.

Inexperience Hinders 1982 Varsity Tennis

Youth and inexperience may have hampered the 1982 Girls Tennis team's record, but nothing could damper their determined spirit. Five varsity players out of ten were freshmen and two were sophomores.

Head Coach Gerald Maxson stresses the improvement made over the season. "They are improving their tennis skills and have a good positive attitude," Coach Maxson explained, " The team has good potential for 2 to 3 years with these players if they work hard and learn more about the game at a competitive level." The team finished with a 3-9 record, going 1-7 in the Eastern Michigan League. "The team should be much stronger next year and we will be trying for another winning season to match some of our previous seasons," Coach Maxson relayed.

The team also had some outstanding individuals. Most Valuable Players were freshmen Nancy Olzem and Renee Rypczynski along with Suzanne Tunks, junior, and Annette Barbera, freshman. Varsity captain was sophomore Michele Gagnon. Pam Strong and Suzanne Tunks, juniors were named as the team's most improved players. At the L'Anse Creuse Invitational Tournament, freshman Julianne Tunks and sophomore Rachelle Ashman won championship medals at 4th doubles.

Cross Country Has Successful Varsity Season

The Varsity Cross Country team had a very successful season. They placed second in the EML with a league record of 3-1. They placed sixth in the regional and had an overall record of 9-1. Their only loss came to Grosse Pointe South. Early in the season the team won the Metro Invitational Meet.

The teams best runners this season were Randy Gravel, who made all league for the third year in a row, Mike Carley and Vince Campis who also made all-league. The other consistant runners were Brant Miller, Scott Harwood and Steve Runnels.

Ron Nestich was the guys and girls Cross Country coach this year, he commented that the team had a lot of talent but never reached its potential.

The Girls Cross Country team did not do quite so well this year with only one win, but they improved all season long, and all the girls are returning next year for a promising season.

Grabowski, Youngblood Lead Season Averages

Seniors Bryan Grabowski and Paul Youngblood led the Golf team through the 1982 season. Both achieving an average of 43.8, they had the lowest season averages on the team. The team was very young, Grabowski and Youngblood being the only seniors.

The team finished with a record of 4-10 placing fifth in the Eastern Michigan league. Some season highlights were Grabowski and Youngblood shooting 38 and 39, respectively, against Port Huron Northern. George Simbles, sophomore, shot an excellent score of 40 against Port Huron and the whole team worked together to beat Grosse Pointe South by one stroke.

Team members were honored for their achievements. Jim McLaren, sophomore, received the Most Improved player award. McLaren worked his way up to 4th best with a 47.5 average, and he shot an 88 in the state regional. Youngblood received the Medalist Award and Grabowski had the fewest putts earning a 16.2 average for 9 holes.

Mr. Jim Burnell and Mr. Don Jordan took over the coaching responsibilities this year.

Defense Rated Number One by Coach Jacobson

Defense is one of the most important squads on a football team. The 1982 Crusader defense set a record for the least total points scored against with 96. The defense was the second best in North's history.

Coach Fred Jacobson stated, "The games we lost were because of mental intensity; What I mean by mental intensity is the fumbles we had, dropped passes and lost yards." He also said, "The turnout was good for the total program but next year's offensive line will be fresh. We have to replace the whole line except the ends."

Special awards went as follows: John Hartwig—Most Valuable Player and Most Outstanding Back. Nick Barraco—Most Outstanding Offensive Lineman, Bill Ash—Most Outstanding Linebacker. Bod Jodway—Most Outstanding Defensive Lineman. Bill Campbell—Most Improved Player. Rich Jordan—Don Weichert Loyalty Award. All Eastern Michigan League First Team members were John Hartwig, Bill Ash and Nick Barraco. Second team qualifiers were Ken Hartwig, Rich Jordan and Bob Jodway. Mike Hillman was All Academic All-League with a G.P.A. of 3.4.

Junior Varsity Improve Season

As Freshmen, the members of the 1982 Junior Varsity football team did not win a game. However, they came back to clear this up improving to a 6-3 season record.

Stacey Rickert and Frank Devos captained the team which was coached by Mr. Thomas Chapman. Honored as most valuable offensive player was Randy Issac. Exhibiting the finest defensive play earned Joe Cusmano the most valuable defensive player award. Improvement over the season caused Jeff Simmons to be named Most Improved. Frosh Experience Winning Season

Lacking in experience, the mighty 1982 freshmen football team proved to be a worthwhile adversary, achieving a season record of 6-1. This is the best Freshman Football record in North's history.

"This year's team was the largest, in both size and numbers, that I ever coached. Also, there were young men with better attitudes, ability, and overall Intelligence than ever before. I feel that every member of the team deserved recognition for being part of an elite group," Coach Gordon Macaulay said about this team.

Varsity Finishes At 11-10; Tie For Third in EML

"This was a team that never gave up in the games. They worked hard and played aggressive defense whether they were ahead or behind", Coach Gary Bennett described his 1982 Girls Varsity Basketball team. The girls established a final record of 11-10, finishing 9-5 in the Eastern Michigan League, which tied them with Anchor Bay for third place. "In finishing third in the league they did better than expected. A pre-season estimate would have placed them around fifth", Coach Bennett explained.

Seniors Jodi Harwood and Sharon Harney captained the team throughout their winning season. Harwood was named to the All-EML first team and also the All-Macomb County third team. She also received the team's of Most Valuable Player and Outstanding Defensive Player. Harney received an All-EML Honorable Mention and was voted Outstanding Offensive Player. For the first year, the EML created an academic all league team. Seniors Martha Wyon, Linda Noteboom, Lisa Gates and Alice Kaake all qualified for this honor. Junior Mary Ellen Neubauer was named Most Improved and junior Molly Duggan was the Hardest Worker.

JV Completes Best Season; 19-1

Their only loss being by one point to East Detroit 31-32, the 1982 Junior Varsity Girls basketball team achieved a record of 19-1. With this they completed the best season for this team in the history of L'Anse Creuse North. The record placed them first in the Eastern Michigan league.

The team was coached by Mr. Brian Lieckfelt, his first year as girls JV coach. "They had the best record and most talent of any team I have had and they put it to good use," Coach Lieckfelt stated.

Patty Arthur and Lori Boehm were honored as Most Valuable players, and Lisa Lentini was given the Most Improved award. Arthur was high scorer, with 188 points followed by Lori and Lisa Boehm with 155 and 112, respectively. Lori Boehm led rebounding with 150 and the best shooting percentage was achieved by Krisann Kramer who shot 46%.

Gold Dusters Perform, Regardless of Slow Start

"Step-Step-Step, Step-Step-Step, Lunge, Kick! Point that toe! Keep your leg straight! Can't you kick any higher than that? And above all—SMILE!"

Adding excitement to the half-times of Varsity basketball games was the job of the 1983 Gold Duster team. Even with seemeningly unsurmountable problems, the girls came through and performed at four games and the Pre-Spring Fling assembly.

Due to budget problems, the Gold Duster team was cut out of the program. Fortunately this decision was reversed, but this did not give the girls much time to prepare. Because of this late start and limited practice time, the team was restricted to performing at only four games and one assembly.

Mrs. Carolyn Mikelait and Mrs. Elaine Muzi sponsored the team. The girls were coached by Ms. Sherry Poikey, Ms. Nancy Brown, Ms. Karen Roggenbuck, and Ms. Annick Miller.

Varsity Squad Enthusiastically Provides Spirit

LET'S GO NORTH!!!

A simple cheer but a favorite for LCN fans. Leading the fans' cheers during all Varsity basketball and football games was the job of the 1982-83 Varsity Cheerleading squad.

During the summer of 1982, the squad attended a camp at Michigan State University. On the final day, competition was held. North came in third in the cheering competition and first in the pom-pon routine competition. This first place routine was to the song "Eye of the Tiger," which they performed at a Homecoming pep assembly.

Members of the squad were Justine Cancelosa, Kim Higgins, Monique Kaczar, Kim Kozian, Tracy Minnella, Jeanne Shevela, Mary Shevela, Karen Trompics, Ann Versellie and Amy Wade. Captains for the season were Mary Shevela and Amy Wade.

Junior Varsity Generates Spirit

Generating spirit and enthusiasm is important at any high school athletic event. The seven girls who made up the 1982-83 Junior Varsity cheerleading squad had this tough assignment, but were always there with a ready smile and lots of energy.

This year's squad was made up of Rochelle Ashman, Amy Allen, Stacey Contesti, Kim Cybulski, Captain Dawn Morgan, Dawn Renke, and Captain Karen Vergote. The girls were coached by Miss Jackie Goike, a graduate of North.

The girls cheered at Junior Varsity football and basketball games, but also did many other duties. They fired up the student body with posters advertising the games and also performed at pep assemblies.

Squad Inspires Freshmen Class

"Freshmen, freshmen don't be shy, stand and give your battle cry!

V-I-C-T-O-R-Y! That's the freshmen battle cry!"

Starting out on the bottom is tough. Ask any freshman. Even with the disadvantage, the 1982-83 Freshmen Cheerleading squad put out an excellent effort to cheer their teams on to victory and generate spirit throughout their class.

Team members were Katrina Bailiff, Lisa Capps, Renee Gafkay, Marlene Glover, Laurie Kozian, Amy Krause, Denise Nadeau, Desiree Packan and Shannon Sandberg. Captains were Lisa Capps and Laurie Kozian.

As cheerleaders the girls cheered at all frosh basketball and football games and also at pep assemblies.

Varsity Reaches Burnell's Goal of .500 Season

At the beginning of the 1983 Varsity Boys Basketball season, Coach Jim Burnell stated a goal of a .500 season record. No other Varsity Basketball team had accomplished this in North's history.

With a 10-10 season record, the Crusader Varsity cagers reached this goal, and went down in the record books having the best season performance for a North Varsity Basketball team. Coach Burnell was pleased with team's effort, and felt that they always played as a team.

Senior Jennel Tyus received an Honorable Mention for the Detroit Free Press All-Macomb County team. Junior Scott Falkenhagen was named to the ALL-EML first team. Juniors Troy Osborne and Larry Karash received league Honorable Mentions. Falkenhagen led in total points scored with 227, earning him an average of 11.4 per game. Tim Rosso, junior, led rebounding with 123.

Two new individual game records were set this season. Falkenhagen had the most steals (8) in one game. Junior Troy Osborne blocked 6 shots in one game, setting a new record.

Ford's Coaching Proves Valuable

An 11-4 record finished off the 1983 Junior Varsity Basketball team's season. Coaching by Mr. Bill Ford led them to this impressive finish.

Rick John led the team in total points scored with 206, earning him an average of 10.3 points per game. John also led in rebounding with a total of 166. Jim Mc Laren scored the most points in the one game (24) and also grabbed the most defensive rebounds (8) in one game. John also had the most field goals (10) in one game along with the most defensive rebounds (13) in one game.

The team had their biggest point total of 62 against Anchor Bay. They held P.H. Northern to 27 points to finish their best defensive game of the season.

Varsity Spikers Capture League, District Titles

Bumping, setting and spiking all the way, the 1983 Varsity Volleyball team finished a banner season with not just a league, but also a district title.

With a 12-3 regular season record, the team traveled to district competition where they defeated Rochester High School for the Championship title. Previously, they defeated Mount Clemens, to finish their league record at 12-2 and earned the Eastern Michigan league crown for the fourth consecutive year.

Sophomores Lori and Lisa Boehm and senior Debbie Garcia were named to the All-League first team. Garcia was selected as League Most Valuable player. Seniors Jodi Harwood, Martha Bagley and sophomore Kari Sonntag received league Honorable Mention. Seniors Debbie Garcia, Tammy Stringer and Martha Wyon were all named to the EML All-Academic team.

Five new records were established during the season, Lori Boehm set a new record for most kill spikes in a match (15) and also made the most kill spikes for a rookie with a new record of 109. Garcia set new records for individual serving percentages in regular season and league play, 98.3 percent and 98.8 percent, respectively. The team broke the previous spiking percentage with an 85.7 percent effort.

JV Attains 11-4 Season Record

"The reason the team did so well was they really cared about each other and enjoyed being out there," Coach Teresa Husson commented about the 1983 Junior Varsity Volleyball team. The team finished with a season record of 11-4.

The team members broke four records during the season. Two players broke the record for most points, Bonnie Kacer with 162 and Chris Harms with 92. Kacer also broke the record for serves attempted (227). Julie Wright achieved a record-breaking percentage serving of 95.9 percent, and the team's serving percentage was 89.8 percent, also a new record.

Kacer and Amy Begay captained the team. Kacer was named Most Valuable Player and Joan Bercel was named Most Improved.

Coachless Frosh Finish At 5-2

Nothing could stop the 1983 Freshmen Volleyball team. Hampered by limited practice time and the disadvantage of no official coach, they still pulled a 5-2 season record.

District budget problems forced the freshmen team to share practice time with the Junior Varsity team. Varsity Coach Diane Pesha and Junior Varsity Coach Teresa Husson split the coaching responsibilities of this team. Coach Pesha felt the team did excellent considering the encumbering situation. She thought the team may have been undefeated if they had received the practice time and coaching that they needed.

The team was captained by Julianne Tunks and Annette Barbera. Debbie Spezia was named Most Valuable, and Jenelle Marcereau and Janelle Martlock received Most Improved.

Pro Sports Add Thrills, Great Times For All

Super Bowl Sunday. The World Series. Sports are a very important part of society. These events are practically holidays to some. Sports figures are looked up to as heroes. The games and the players provide a release for many—a time to enjoy and to root for the home team.

Sports have become big business. Last year, the NFL players association went on strike, much to the chagrin of the fans. A sad note in sports occured when Korean boxer Duk Koo Kim died from fatal head injuries after a lightweight title fight with Ray "Boom-Boom" Mancini.

Still, its hard to forget the thrill of John Riggins running for the game-winning touchdown in Super Bowl XVII or the excitement of the St. Louis Cardinals in the World Series. Sports add some good times to our lives.

Well, the "Good Times" have all come and gone, I'm finished searching for my "Rainbow's End" and I'm headed off in "New Directions."

The past three years have been a real experience for me. Considering all the extra time I've put in, to the last three yearbooks and after school activities, I feel like a permanent resident at L'Anse Creuse-North.

I have enjoyed working with THE QUEST 1983 Staff, it's one of the best staffs I've worked with since I started here. We had our share of problems and late pages, hopefully, we have made up for this with the quality of THE QUEST'S contents.

I hope that in ten years or so THE QUEST 1983 will help you re-capture the "Good Times" at LCN.

Person to person banking.

A statement of banking philosophy from the First National Bank in Mt. Clemens.

No matter how automated banking becomes, technology will never replace personal service. At the First National Bank in Mt. Clemens, we've been shaking hands with, and saying hello, thank-you and good-bye to our customers since 1926. But that's just common courtesy everyone should expect. Person to person banking extends beyond mere friendliness. We know our customers, and we're really dedicated to their security and financial well-being—an attitude you might not find in one of those enormous, impersonal banks.

Because of our concern, we're right on top of the latest banking developments and offer services and features that make banking better for you. Ask a First National employee about our regular passbook savings, free checking accounts, Money Market Certificates, Certificates of Deposit, VISA and Master Cards, Individual Retirement Accounts, free checking for seniors and evening and Saturday banking hours. We'll be happy to tell you all about it...because that's what person to person banking is about at the First National Bank in Mt. Clemens.

LCN Classes Get Involved In School Activities

LEFT: Cara LaPlante and Wendy Dungan enjoy a fondue in cooking class. TOP: Dave Bercel, Scott Blackwell and Alan Zoltowski ham it up as slaves during C lunch. ABOVE: Kelly Nummer, Kelly Petipren and Twila Kelley practice a dance to the song "I Ran" by A Flock of Seagulls.

E.T. (the extra-terrestrial) made a special visit to the L'Anse Creuse Faculty in early December, before flying off to his home. The purpose of his visit was to instruct the teaching staff in steps to Effective Teaching. The In-Service meeting provided three steps to prevent being a 'Burnt-Out' Teacher. Three steps were discussed following the basic topics: 1) presenting information, 2) getting students to respond, 3) motivating students.

Come on students turn on your "Heartlight," give E.T. the welcome it deserves.

E.T. Instructs Faculty With Terrestrial Tactics For Effective Teaching

CENTER RIGHT: Mr. Pete Carlos discusses a student's participation in class with mother Mrs. Lucy Greenwood.

RIGHT: Looking over a drawing done by Karen Burck, Mr. Tim Cosens motivates surrounding students, Gina Mazzolli and Lee Levi with helpful suggestions and hints.

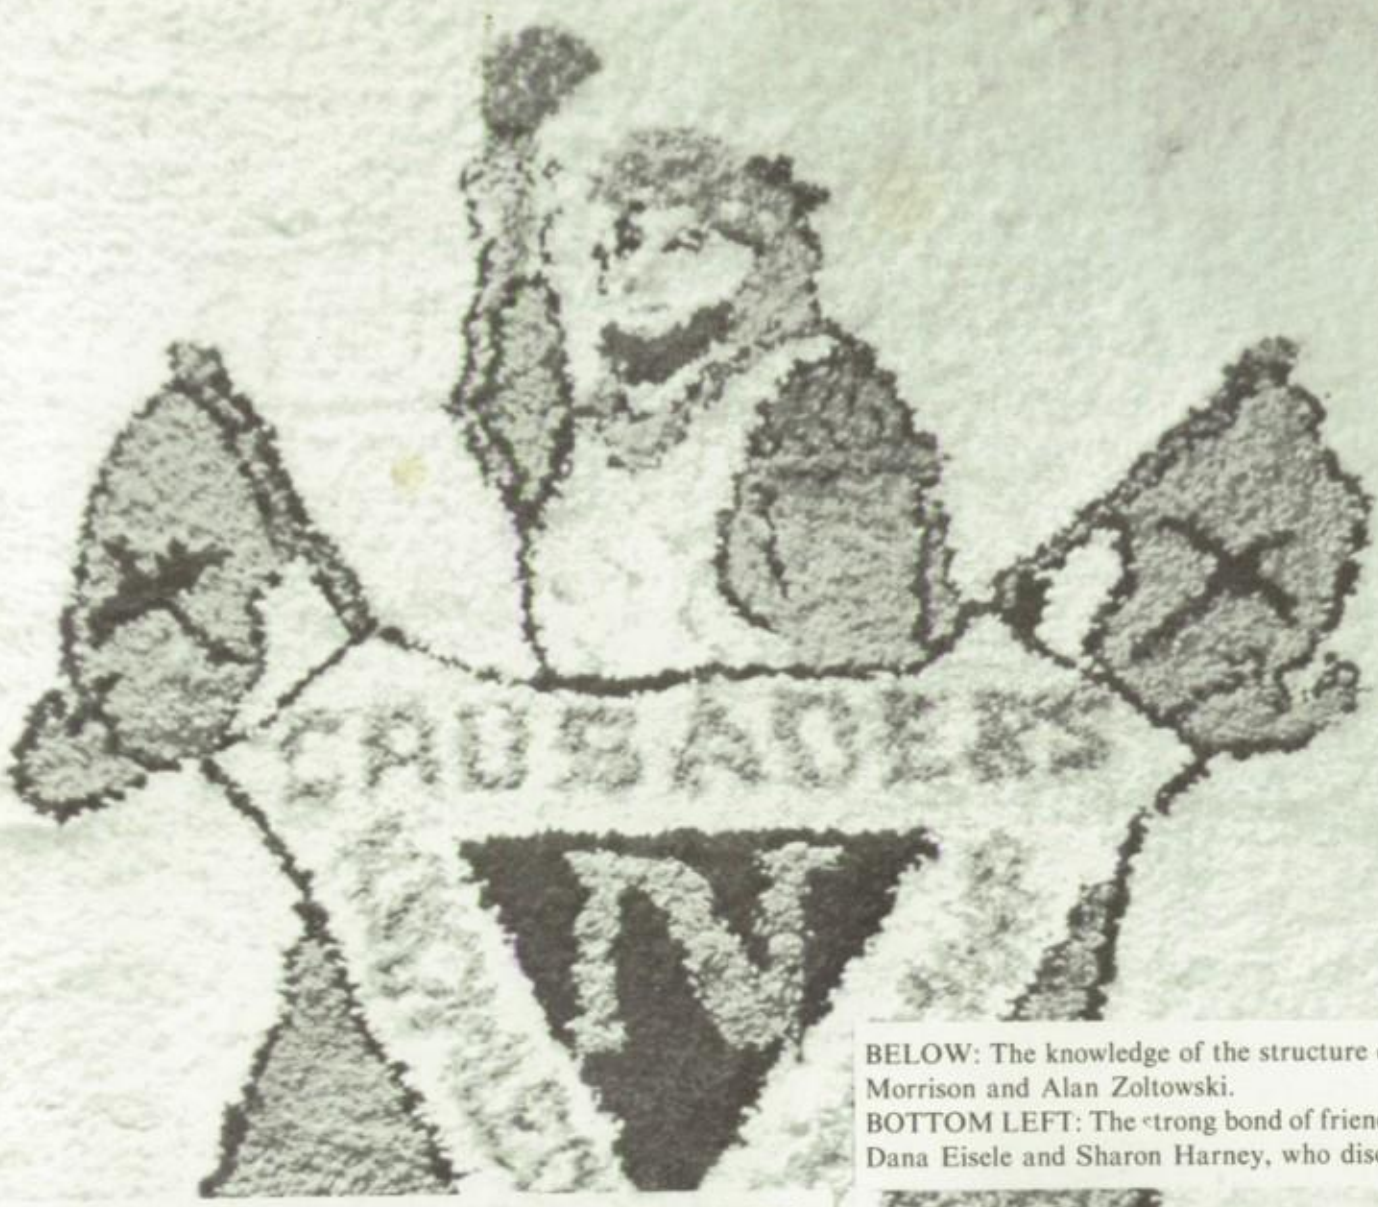
Friendship, Knowledge Cling in Crusaders' Minds



BELOW: The knowledge of the structure of a cat seems to appeal to Collee Morrison and Alan Zoltowski.
BOTTOM LEFT: The strong bond of friendship is evident with these two girl Dana Eisele and Sharon Harney, who discuss personal matters.

Ever since North opened its golden doors in January of 1975, the Crusaders have been on a constant QUEST for friendship and knowledge. This quest has been on the minds of most students who attended classes at North. Most sought the knowledge to better themselves and all sought the friendship that made up the "Good Times."
